Getting ready for your tour..

There are some moderate walks on this tour. Each walk is only around 2-3 hours but the terrain can be quite rocky and uneven. The best way to prepare physically for the trip is to do a few short walks each week. Giving your body a fitness boost will increase your enjoyment on the tour. Doing a few walks around your suburb in the lead-up to the tour will benefit you greatly. If you can walk a few short distances, say 3-5km once or twice a week, this will give you the fitness to enjoy the walks on the tour and take in the surrounding beauty
