

11 DAY WILD KIMBERLEY LOOP

EXPLORE CAVES, GORGES, OASES AND MOUNTAINS IN THIS OUTBACK PARADISE. GET WILD ON THIS 11-DAY ADVENTURE THROUGH THE REMOTE KIMBERLEY OUTBACK. SPARSELY POPULATED AND RUGGEDLY BEAUTIFUL, THE KIMBERLEY IS THE ULTIMATE ADVENTURE DESTINATION. SWIM IN WATERFALLS AND GORGES, HIKE THROUGH RED-ROCK FORMATIONS AND PALM OASES, AND LEARN ABOUT THE RICH FIRST NATIONS HISTORY OF THE AREA FROM TRADITIONAL CUSTODIANS, LEARNING ABOUT LOCAL GEOLOGY. WHETHER YOU'RE VISITING FROM OVERSEAS OR TRAVELLING DOMESTICALLY, THIS TRIP THROUGH THE KIMBERLEY SHOWCASES SOME OF THE BEST PARTS ABOUT THE AUSSIE OUTBACK.

HIGHLIGHTS

GIBB RIVER ROAD, WINDJANA GORGE, DALMANYI (BELL GORGE), MANNING FALLS, EL QUESTRO WILDERNESS PARK, ZEBEDEE SPRINGS, EMMA GORGE, LAKE ARGYLE, BUNGLE BUNGLES, ECHIDNA CHASH, CATHEDRAL GORGE, DARLGUNYA CULTURAL WALK

Tour Summary...

Tour Style	Kimberley Expedition
Tour Duration	11 Days / 10 Nights
Tour Route	Broome to Broome
Fitness Level	Moderate

Tour Itinerary...

Day 1 Tunnel Creek

Welcome to Broome! Or Rubibi, in the language of the Yawuru people, who are the Traditional Owners of the land on which Broome is now located. Start your adventure straight away, setting off early this morning, and travel through the remote and beautiful Kimberley landscape. After crossing the Fitzroy River, visit the Boab Prison Tree in Derby. Then, wander around an art gallery before continuing along the Gibb River Road to Tunnel Creek. When you arrive, explore this 750 m long cave system carved through the Napier Range*. As you walk, look out for the stalactites and a large variety of wildlife like bats and freshwater crocodiles, and hear the legend of Jandamarra – an Aboriginal freedom fighter who used the tunnel as a hide out in the late 1800's. Tonight, settle into camp near Windjana Gorge and watch as the stars come alive, away from the city lights. (LD)

Day 2 West Kimberley Gorges

The Napier Range is over 350 million years old and is home to the geological wonder of Windjana Gorge. Spend this morning walking beneath the gorge walls, looking for freshwater crocodiles, local birdlife and indigenous bush tucker. This afternoon, you'll travel to Bell Gorge (Dalmanyi). This landmark in the West Kimberleys is known for its cascading waterfalls and clear pools formed millions of years ago. When you arrive, set off on the Bell Gorge Trail to Dalmanyi Falls. When you reach the end of the trail, stop and explore the area from the top of the falls or maybe continue along the Falls Trail, taking you through the creek above the falls. (BLD)

Day 3 West Kimberley Gorges

Travel to Manning Gorge, where you'll hike the Manning Falls Trail. Starting with a river crossing, follow the trail along the Manning River to the falls. When you arrive, cool off in the deep clear pool or maybe climb to the top of the waterfall for panoramic views over the Mount Barnett Station. This afternoon, visit the Galvans Gorge. After a short bushwalk, dive into the cool waters of the gorge and sit underneath the falls for a natural back massage. Then, take some time exploring the rock walls beside the main pool, where you'll find Wandjina rock art, before heading back to camp for the night. (BLD)

Day 4 Gibb River Road to El Questro Wilderness Park

Today is a driving day, so sit back, relax and enjoy the Kimberley scenery and the famous 'Gibb River Road massage' provided by the rugged dirt track you'll be driving on. Today is a bit of a long travel day, so it's a good idea to get stuck into your book or favourite podcast. Along the way, you'll stop off at the Pentecost River Lookout that takes in the river floodplain and the tabletop Cockburn Ranges. Tonight, settle into camp at El Questro and enjoy a relaxing night by the campfire. (BLD)

Day 5 El Questro Wilderness Park

After breakfast, set off on the Emma Gorge Trail, known for its towering 120 m cliff face made of Cockburn and quartz sandstone. As you walk along the crystal-clear pools and waterfalls, look out for ripple markings in the rocks formed under shallow tidal waters millions of years ago. Then, take a short walk through the forest of Livistona and pandanus palms to the Zebedee Springs. When you arrive, spend some time exploring the natural thermal rock pools at the base of the cliff and cool off with a dip in the water. This afternoon is free for you to spend how you like. Maybe cruise on the Chamberlain Gorge, join a bush tucker walk or bird watching tour or simply explore this wilderness park at your pace. Tonight, maybe head out for a pub-style dinner at the restaurant on El Questro Station. (BL)

Day 6 Kununurra & Lake Argyle

This morning, drive to Kununurra, where you have some free time to wander the shops and galleries in the main area or find a local cafe for a coffee. Then, time permitting, you'll have the option to visit the Hoochery (a local distillery known for its rum) or the Zebra Rock Gallery (a gallery showcasing crafted ornaments made from Zebra Rock found in the region) with your leader. This afternoon, travel to the shores of the expansive Lake Argyle – the heart of the Ord River Irrigation System which has transformed this dry region into an agricultural oasis. Spend some time exploring the area and maybe dive into the infinity pool at Lake Argyle camp. (B)

Day 7 Lake Argyle

Today is a free day for you to explore Lake Argyle at your own pace. Maybe visit the Durack Homestead Museum, set off on one of the many bush trails or join a sunset boat cruise on the lake (highly recommended). Tonight, maybe sit down for dinner at the holiday park's restaurant. A sunset boat cruise on the lake is highly recommended (approx AU\$120pp, own expense). (BLD)

Day 8 Purnululu National Park: Bungle Bungles

After a leisurely morning, head down the Great Northern Highway to Purnululu National Park, home of the magnificent Bungle Bungles. This UNESCO World Heritage site is known for its landscape of unique orange and black striped 'beehive' geological formations, created by rivers over a period of 20 million years. When you arrive, take some time to settle into your private permanent tented camp and take in the views of the Bungles Massif and the Kimberley night sky from your door. (BLD)

Day 9 Purnululu National Park: Bungle Bungles

Spend the morning exploring the Echidna Chasm, known for its towering Livistonia Palm trees. Set off on the Echidna Chasm Walk, following the steep-sided gorge walls with shades of oranges and reds that glow when the sun hits them. Take in the panoramic views over the Osmand Range before continuing to the Cathedral Gorge. Known for its towering rocks, which create a natural amphitheatre due to its acoustics, spend the afternoon walking the Cathedral Gorge Trail. Later today, maybe take an optional scenic helicopter flight for a bird-eye view over the beehive domes (approx AU\$350-\$550pp, own expense). (BLD)

Day 10 China Wall & Fitzroy Crossing

This morning, travel to Fitzroy Crossing. Named due to the Martuwarra (Fitzroy River) that runs through it, the Fitzroy Valley is home to more than 40 Aboriginal communities, combining five different language groups – Bunuba, Gooniyandi, Nyikina, Wangkatjunga and Walmajarri. On the way, stop at the China Wall near Halls Creek – a natural white limestone wall which looks like a miniature Great Wall of China. If there's time, make another stop at Mary's Pool for lunch before continuing to Fitzroy Crossing. The rest of the evening is free for you to explore the area before settling into camp by the Fitzroy River. (BLD)

Day 11 Dalgunya Cultural Walk

This morning, join the Dalgunya Cultural Walk, where your local indigenous guide will take you through the remnants of the old postal settlement and down to the Fitzroy Riverbanks. Learn about the wild Fitzroy River – about its plants, wildlife and the significance to the local culture. Enjoy lunch on the way, before returning to Broome this afternoon. When you arrive in Broome, your trip will come to an end. If you'd like to stay longer, just talk to your booking agent ahead of time. (BL)

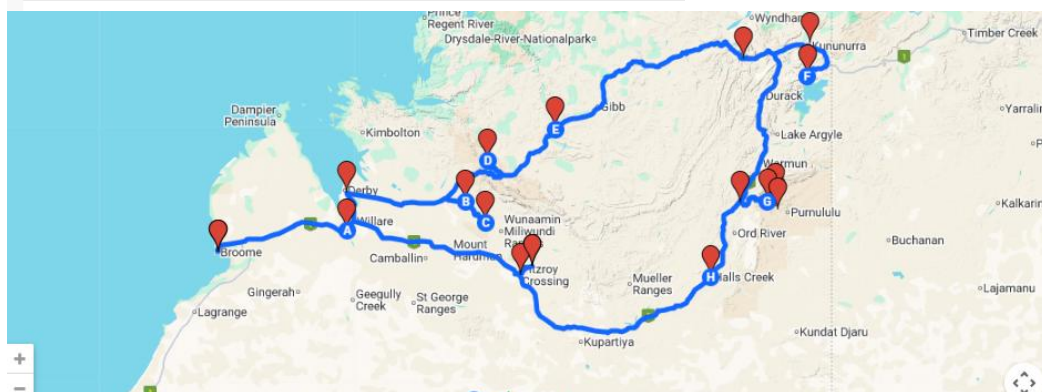

***Please see the Important Notes section regarding the Subterranean Trail in Tunnel Creek**

Meals	10 x Breakfasts, 10 x Lunches, 8 x Dinners
Luggage	Max 15kg in Soft Bag/Backpack & Day Bag (No Suitcases)

- This is a camping trip. Simple facilities and lack of emphasis on creature comforts make this an authentic experience of the Australian outback. A Single Supplement is not available on the default version of this trip. As a single traveller you will have a tent to yourself on camping nights, however in the permanent tented camps you will be paired up with another single traveller of the same gender. An accommodation upgrade (Camping Plus) for nights 4, 5, 6, 7 & 10 is available upon request and subject to availability at an additional cost. Camping Plus can also be booked with the option for a single supplement. Please see the accommodation section of your trip notes or speak to your travel agent for more details.
- On some days of the trip, you'll spend several hours driving through very sparse areas of Australia. Sit back and enjoy landscapes that you would miss in any other form of travel. Extra space can be tight, and conditions may feel a little cramped. There will be some very early mornings.
- This itinerary involves some clambering over rocks, wading in water by torchlight, walking on rocky creek beds and ascending/descending into gorges. A reasonable level of fitness and being sure on your feet is necessary to participate.

Inclusions

- Two Tour Hosts – including an Experienced Kimberley Tour Guide and Tour Assistant (on all tours with 8+ travellers)
- Meals as specified
- Camping Accommodation (Upgrade Options available, On Request)
- National Park Entry Fees
- Dartgunya Cultural Walk
- Zebedee Springs Permit
- Bungle Bungles Safari Camp Stay (2nts)

Options

- 30 minute Scenic Helicopter Flight over the Bungle Bungles – allow approx \$550 per person
- El Questro's Chamberlain Gorge Cruise – allow approx \$100 per person
- Lake Argyle Sunset Cruise – allow approx \$100 per person

"Your Tour Guide will assist with arranging these optional activities while on tour. We would recommend you book the Chamberlain Gorge Cruise at El Questro in advance though as this can sell out quickly. The window of opportunity is the afternoon of Day 5 on this itinerary."

We operate our 4WD Kimberley Expeditions in custom-built, 21 seat 4WD trucks with a PA system and built-in storage (no risky trailers!). These comfortable, strong remote area vehicles allow our small groups extra space (including standing room), are fully air-conditioned and fitted with adjustable air-vents, reclinable seats, map pockets and footrests. It is important that when booking a 4WD outback adventure in the Kimberley, you understand that the roads we travel on can be heavily corrugated. Rest assured, these are the conditions for which our 4WD trucks are designed.
